MetaMAP/MetaVUE

A) Place the CD-ROM from Franklin County in to your CD drive.

B) If you have installed a previous overlay, proceed to step "D".

C) From the CD-ROM run "**SETUP.EXE**" and follow the instructions.

D) Start up a MetaMAP/MetaVUE mapping session. At the prompt, enter the command "**CDDRIVE**" (this command assigns the location of the database files). Follow the instructions to assign the proper drive. The "CD files path" is "**CDFILES**".
